

The Role

Manager (Business Development/Marketing/Investment)

Position Summary

Candidates will be expected to manage the execution of business and marketing activities of Temasek Life Sciences Accelerator (TLA) and its associated companies, including companies incubating under TLA's incubator program. The role also involves managing the corporate communications and investment activities of TLA.

Essential Functions

- Manage the business, marketing and investment activities of TLA's incubator program by raising the profile and visibility of TLA and its associated companies.
- Build relationships with industry contacts, media, investors and senior management at target companies.
- Liaise with industry partners on product development for market validation of TLL research technologies.
- Oversee corporate branding on all platforms and work with senior management to develop strategic direction for media and market engagement through publicity and campaigns.
- Monitor and analyse funding trends in specific markets and industries relevant to TLA's focus areas.
- Monitor and report on activities and disruptive technologies trends within the start-up accelerators and technology incubation industry.
- Undertake other duties and ad-hoc projects related to TLA and, from time to time, its key stakeholders (such as Temasek Life Sciences Laboratory and Vertex Venture Holdings).

Requirements

- University degree in Biotechnology, Biomedical Science, Business, Communications, or other Marketing related subjects with at least 5 years relevant experience.
- Working level proficiency in image manipulation tools such as Illustrator and/or Photoshop will be an added advantage.
- Excellent communication skills in written and spoken English.
- A self-starter and fast learner who is able to multi-task and able to work independently with minimum supervision.
- Team player with good interpersonal skills, attention to detail and focus on delivery.
- Astute, resourceful and possess strong analytical skills.
- Experience handling legal agreements such as Shareholders' Agreements, Subscription Agreements, Non-Disclosure Agreements would be a plus.
- Hands on experience to do Financial Modelling and evaluating viability of potential spin-offs would be an advantage.

Salary and benefits are commensurable to working experience of the candidates with accelerated pay adjustment subject to performance. Benefits include annual leave, medical and flexi-benefits, etc.

Interested individuals may send their cover letter and curriculum vitae to hr@tla.com.sg.

About the Company

Temasek Lifesciences Accelerator (TLA), a joint venture between Temasek Lifesciences Laboratory and Vertex Venture Holdings Ltd, is a company that aims to incubate, nurture and grow life sciences innovations into early stage companies within its go-to life sciences incubator.

At Temasek Life Sciences Accelerator (TLA), we aim to become the foremost “Go-To” incubator for life sciences in Singapore. To achieve our mission, we offer an attractive incubator support program to early stage companies in Singapore by providing timely and relevant market research, combined with business networking expertise to incubates.

TLA's distinctive differentiation for its incubation program lies in its unique sectoral focus in agri-food tech, synthetic biology as well as human and veterinary sciences.
